

Schrank 07

A tall wardrobe which impresses with its strikingly different exterior and interior.

When it is closed, Schrank 07 dominates the room with its starkly geometrical sculptural presence.

When it is opened, it reveals a soft leather-upholstered interior which makes for a perfect protective environment for clothes and other favourite objects.

Thanks to countersunk hinges at the bottom and the top of its central axis, Schrank 07 can be fully opened, fully closed, or set up in any intermediate position.

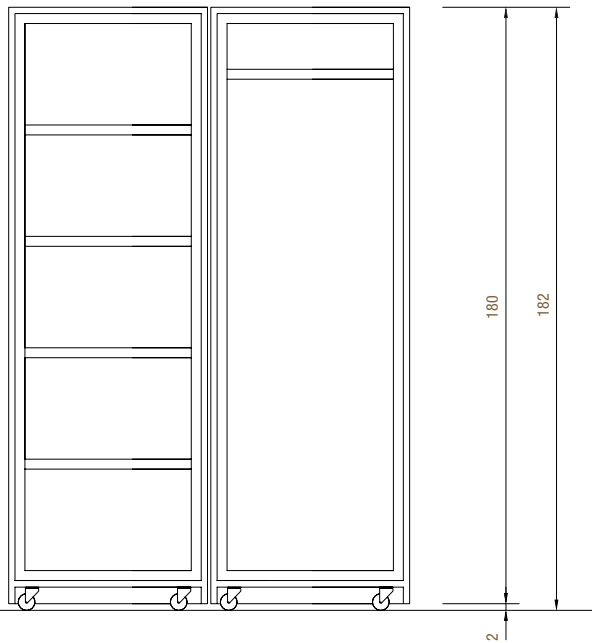

Leather upholstered (Madras)

392 3138 09

392 3138 01

YBDD

Under her label YBDD, Yasmine Benhadj-Djilali develops objects which embody both luxury and order and which combine clarity of form with high-quality craftsmanship. Drawing on the architectonic principles of classical modernism, such as the use of geometrical prototypes in minimal art, Benhadj-Djilali aims to create pieces which are not only highly functional but also stand out as autonomous architectonic objects. Benhadj-Djilali's objects are produced uniquely or in limited editions.
